

INCREASE OF CURRENCY.

---

MEMORIAL  
OF THE  
CITIZENS AND BUSINESS-MEN OF DETROIT,  
IN FAVOR OF  
*An increase of the currency.*

---

APRIL 1, 1874.—Referred to the Committee on Banking and Currency.

---

*To the Senate and House of Representatives of the United States of America:*

We, the undersigned, citizens and business-men of Detroit, would respectfully represent that all the industries and commerce of the West is greatly crippled and restricted for the want of a currency adequate to the demands of the business community, and that the great West is alike suffering from such want, while all commercial communities require a medium of circulation to enable commerce to flourish. We find the Western States of the Union have only about \$7 per capita, while the Southern States have only \$3 per capita. New England has \$31, Germany \$26, France \$34, and Old England has \$34. In view of the foregoing, and in behalf of the great Northwest and Southwest, we ask you, in your wisdom, to pass such laws as will give us relief, and your petitioners will ever pray.
